SMART WATER SOFTENER

The Smart water softener provides hard water treatment for your home by removing calcium from the water. Once the hard water-producing elements are removed, you can enjoy the benefits of soft water.

Intelligent technology for salt and water efficiency

- Adapts to your needs
- Proportional brining
- WiFi enabled
- Simple set up

Dimensions (mm)	Smart09	Smart15
Total height	548	835
Height to bypass	410	697
Width	318	318
Depth	372	372
